

CONNECTICUT INVENTION CONVENTION

By: Gabriella Bradley

CIC is amazing. The whole thing helps you realize all the problems you encounter everyday. If you ever say you wish something was better, CIC is a chance to show what you can do to make the world better. It's really cool to look at everyone's invention, seeing ideas you might have never thought of. If every invention in CIC was sold in stores, we would probably have a perfect world.

I was thinking that maybe, CIC should be made into a national holiday! On the day of the holiday, everyone should invent something!

Every school in Connecticut should hold an Invention Convention. It feels wonderful when your name is called at the state to win something. I think if you spend at least two hours in the CIC, you will get more than 100 great ideas. It's so great. Learning so much.
